PROJECTS

Lost in Wolf Forest, Global Game Jam January 2021
Organised and registered seven member team for Global Game Jam 2021. Collaborated with a team from Japan, Southeast Asia, and the US to create a game within a five day span. Worked on enemy behavior as well as the current music and sound effects within the project. Ensured final build was completed and submitted.

Cooked To Catastrophe!, Academic Project September-December 2020
Worked with a team of five peers to create a mobile, Unity based cooking game with a focus on real world learning. Project is being created using an Agile and Scrum based development style. Responsible for general coding and UI design on the project.

Wizard Viking, Personal Project August 2020-Current
Creating a top down 2D game where the player fights waves of enemies within a single arena. Created to hone C#, Unity, and Game Design/Development skills. Solo developer on the project.

Grave Escape, Academic Project October 2019
Developed a Unity based game with four peers over the course of five weeks. The game is a comedy horror with similar mechanics to the slenderman games but with multiple enemies. Responsible for the enemy AI and level design.

EXPERIENCE

ID Tech, Campbell, CA May-August 2019
Instructor/Teacher at Lake Forest, IL Campus
Taught students ages 10-16 a variety of skills in both coding with Lua and 3D modeling using Autodesk Maya. Worked and interacted with parents at the start and end of each camp day. Explained core coding and game design concepts to students in a classroom environment.

Petsmart, Skokie, IL May-August 2018
Retail Sales Associate
Welcomed and assisted customers; ensured an easy check out as cashier. Insured upkeep of the store, executed on merchandising and stocking. Responsible for nightly closure
